

JOHN CABOT UNIVERSITY

What is a Financial Aid Package?

A Financial aid Package describes all the aid you will have available to you both through the university and your Federal Aid eligibility. It also informs you how much the university will cost and what some anticipated expenses are.

Dear Mr. Giovanni Caboto,

What is COA?

The "Cost of Attendance" is what JCU anticipates you will spend while at university in one year. It includes fixed cost like tuition and fees, as well as estimates of what we think you will spend while here. You may spend more or less!

to inform you and your family that you are eligible to receive Title IV US Dept of Education to help cover your educational and personal U. These loans are supplementary to any scholarships or grants you may

ability determined?

calculated to cover your total estimated cost of attendance, less any other have received. The total "Cost of Attendance" (below) is an estimate based on what the average student's expenses tend to be. Your actual expenses may be higher or lower depending on your personal budget and spending habits.

Cost of Attendance 2015-2016

The *average* 2015-2016 John Cabot University student expense budget includes:

Books and Supplies	\$ 500	\$ 500	\$ 1,000
Personal Expenses	\$ 2,938	\$ 2,938	\$ 5,876

Your annual maximum Federal Direct Student Loan eligibility is then determined according to your student classification, which is based on the number of semester hours you have earned, and whether you are a Dependent or Independent student.

IMPORTANT: If you are transferring credits to JCU, we cannot confirm your loan eligibility, which is based on your student classification, until we receive your transfer credit confirmation from the Registrar's Office.

Your Estimated Family Contribution (EFC), as calculated from the information you submitted on your FAFSA application, is then used to determine your eligibility for Subsidized Direct (**Stafford**) Student loans. Any remaining loan eligibility is offered in the form of a Parent PLUS loan.

How much should I borrow?

Your loan eligibility provides you with the maximum amounts that you are eligible to borrow. We recommend that you choose the amount of loans you apply for wisely. **determine how much you will need, as opposed to how much you are eligible to borrow.**

If you decide that taking Federal Loans is right for you and your family find the instructions on how to apply for Federal Loans below. We look forward to your pursuit of your educational goals. We are here to help you make sound decisions on any questions you may have.

In the case of Federal Aid, “Your Financial Aid” refers to the financial aid you are eligible to receive. You *do not* need to accept all, or any, of this aid. You do need to let JCU know if you would like to receive the loan(s) and how much you will need to borrow. If you do not let JCU know that you would like for us to process your loans and in what amount, JCU will not process any loans for you.

Best wishes and we look forward to seeing you on campus!

Sincerely,

Zoë Johnson
